**VIOLATION SUMMARY CHART:** 

VIOLATION INFORMATION	PENALTY CONSIDERATIONS	CORRECTIVE ACTIONS TAKEN/REQUIRED
Type of Investigation:  Complaint X Routine Enforcement Follow-up Records Review  Date of Complaints Relating to this Case: None  Date of NOE Relating to this Case: June 22, 2006  Date of NOE Relating to this Case: August 24, 2006  Background Facts: The EDPRP was filed and mailed on March 23, 2007. The certified mail, return receipt "green card" was signed on April 6, 2007. The Respondent failed to file an Answer, failed to request a hearing, and failed to request a settlement conference.  PWS: 1. Failed to secure a sanitary control easement covering all property within 150 feet of the well [30 Tex. ADMIN. Code § 290.41(c)(1)(F)].  2. Failed to provide public drinking water that meets the secondary constituent level for pH. Specifically, a water sample collected on June 16, 2003, revealed a pH level of 6.6. The water waster system is required to maintain a pH level of 7.0 or greater [30 Tex. ADMIN. Code 290.118(a) and (b)].  3. Failed to locate the well site so that the well is not located within 150 feet of an underground petroleum storage tank. Specifically, an underground petroleum storage tank was within 150 feet of the well used for the public water supply [30 Tex. Admin. Code § 290.41 (c)(1)(A)].	Total Assessed: \$804  Total Deferred: \$0    Expedited Order    Financial Inability to Pay    SEP Conditional Offset  Total Due to General Revenue: \$804  This is a Default Order. The Respondent has not actually paid any of the assessed penalty but will be required to do so under the terms of this Order.  Site Compliance History Classification    High	TAKEN/REQUIRED  Ordering Provisions(s)  The Respondent shall undertake the following technical requirements:  1. Within 30 days, either secure a sanitary control easement covering all property within 150 feet of the well location and file the easement in the county courthouse, or obtain an exception by rule;  2. Within 45 days, submit written certification of compliance with Ordering Provision 1.  3. Within 90 days:  a. Either locate the well site so that the well is not located within 150 feet of an underground petroleum storage tank, or obtain an exception to the rule; and  b. Ensure that water delivered to the distribution system meets the Commissioner's minimum standards for pH. This requirement shall be accomplished by initiating one of the following technical requirements:  i. Install facilities to treat the existing water being supplied;  ii. Blend the current water with water of an acceptable source; or  iii. Abandon the current source of water and rely entirely on an alternate acceptable source of water.  4. Within 105 days, submit written certification to demonstrate compliance with Ordering Provision 3.

### TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

IN THE MATTER OF AN	§	BEFORE THE
ENFORCEMENT ACTION	§	
CONCERNING	§	TEXAS COMMISSION ON
KMALI ENTERPRISES, INC. DBA	§	
FRIENDLY MART,	§	ENVIRONMENTAL QUALITY
RN101438802	§	

# DEFAULT ORDER DOCKET NO. 2006-1430-PWS-E

At its	agenda, the Texas Commission on Environmental Quality
("Commission" or "TCEQ")	considered the Executive Director's Preliminary Report and Petition
filed pursuant to TEX. HEALTH	H & SAFETY CODE ch. 341 and the rules of the TCEQ, which requests
appropriate relief, including th	ne imposition of an administrative penalty and corrective action of the
respondent. The respondent r	nade the subject of this Order is Kmali Enterprises, Inc. dba Friendly
Mart ("Kmali").	

The Commission makes the following Findings of Fact and Conclusions of Law:

#### FINDINGS OF FACT

- 1. Kmali owns and operates a convenience store with a public water supply located at 19234 Kuykendahl, Spring, Harris County, Texas (the "Facility").
- 2. The Facility has approximately one service connection and serves at least 25 people per day for at least 60 days per year.
- 3. During an inspection on June 22, 2006, a TCEQ Houston Regional Office investigator documented that Kmali:
  - a. failed to secure a sanitary control easement covering all property within 150 feet of the well. Specifically, during the investigation, the manager of the Facility acknowledged that the water system had not obtained a sanitary control easement;
  - b. failed to provide public drinking water that meets the secondary constituent level for pH. Specifically, during the investigation, it was documented that a water sample collected on June 16, 2003 revealed a pH level of 6.6. The water system is required to maintain a pH level of 7.0 or greater; and

- c. failed to locate the well site so that the well is not located within 150 feet of an underground petroleum storage tank. Specifically, during the investigation, it was documented that an underground petroleum storage tank was within 150 feet of the well used for the public water supply.
- 4. Kmali received notice of the violations on or about August 29, 2006.
- 5. The Executive Director filed the "Executive Director's Preliminary Report and Petition Recommending that the Texas Commission on Environmental Quality Enter an Enforcement Order Assessing an Administrative Penalty Against and Requiring Certain Actions of Kmali Enterprises, Inc. dba Friendly Mart" (the "EDPRP") in the TCEQ Chief Clerk's office on March 23, 2007.
- 6. By letter dated March 23, 2007, sent via certified mail, return receipt requested, and via first class mail, postage prepaid, the Executive Director served Kmali with notice of the EDPRP. According to the return receipt "green card", Kmali received notice of the EDPRP on April 4, 2007, as evidenced by the signature on the card.
- 7. More than 20 days have elapsed since Kmali received notice of the EDPRP, provided by the Executive Director. Kmali failed to file an answer to the EDPRP, failed to request a hearing, and failed to schedule a settlement conference.

#### CONCLUSIONS OF LAW

- 1. As evidenced by Finding of Fact Nos. 1 and 2, Kmali is subject to the jurisdiction of the TCEQ pursuant to Tex. Health & Safety Code ch. 341 and the rules of the Commission.
- 2. As evidenced by Finding of Fact No. 3.a., Kmali failed to secure a sanitary control easement covering all property within 150 feet of the well. Specifically, during the investigation, the manager of the Facility acknowledged that the water system had not obtained a sanitary control easement, in violation of 30 Tex. ADMIN. CODE § 290.41(c)(1)(F);
- 3. As evidenced by Finding of Fact No. 3.b., Kmali failed to provide public drinking water that meets the secondary constituent level for pH. Specifically, during the investigation, it was documented that a water sample collected on June 16, 2003 revealed a pH level of 6.6, in violation of 30 Tex. Admin. Code § 290.118(a) and (b). The water system is required to maintain a pH level of 7.0 or greater; and
- 4. As evidenced by Finding of Fact No. 3.c., Kmali failed to locate the well site so that the well is not located within 150 feet of an underground petroleum storage tank. Specifically, during

the investigation, it was documented that an underground petroleum storage tank was within 150 feet of the well used for the public water supply, in violation of 30 Tex. ADMIN. CODE § 290.41(c)(1)(A).

- 5. As evidenced by Finding of Fact Nos. 5 and 6, the Executive Director has timely served Kmali with proper notice of the EDPRP, as required by Tex. WATER CODE § 7.055 and 30 Tex. Admin. Code § 70.104(a).
- 6. As evidenced by Finding of Fact No. 7, Kmali has failed to file a timely answer to the EDPRP, as required by Tex. Health & Safety Code § 341.049 and 30 Tex. Admin. Code § 70.105. Pursuant to Tex. Health & Safety Code § 341.049 and 30 Tex. Admin. Code § 70.106, the Commission may enter a Default Order against Kmali and assess the penalty recommended by the Executive Director.
- 7. Pursuant to Tex. Health & Safety Code § 341.049, the Commission has the authority to assess an administrative penalty against Kmali for violations of the Texas Water Code and the Texas Health and Safety Code within the Commission's jurisdiction; for violations of rules adopted under such statutes; or for violations of orders or permits issued under such statutes.
- 8. An administrative penalty in the amount of eight hundred four dollars (\$804.00) is justified by the facts recited in this Order, and considered in light of the factors set forth in Tex. Health & Safety Code § 341.049(b).
- 9. Tex. Water Code §§ 5.102 and 7.002 authorize the Commission to issue orders and make determinations necessary to effectuate the purposes of the statutes within its jurisdiction.

#### ORDERING PROVISIONS

NOW, THEREFORE, THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY ORDERS that:

1. Kmali is assessed an administrative penalty in the amount of eight hundred four dollars (\$804.00) for violations of Tex. Health & Safety Code ch. 341 and rules of the TCEQ. The payment of this administrative penalty and Kmali's compliance with all the terms and conditions set forth in this Order completely resolve the matters set forth by this Order in this action. The Commission shall not be constrained in any manner from requiring corrective actions or penalties for other violations which are not raised here. All checks submitted to pay the penalty imposed by this Order shall be made out to the "Texas Commission on Environmental Quality". The administrative penalty assessed by this Order shall be paid

within 30 days after the effective date of this Order and shall be sent with the notation "Re: Kmali Enterprises, Inc. dba Friendly Mart; Docket No. 2006-1430-PWS-E" to:

Financial Administration Division, Revenues Section Attention: Cashier's Office, MC 214 Texas Commission on Environmental Quality P.O. Box 13088 Austin, Texas 78711-3088

- 2. Kmali shall undertake the following technical requirements:
  - a. Within 30 days of the effective date of this Order, Kmali shall either secure a sanitary control easement covering all property within 150 feet of the well location and file the easement in the county courthouse, as required by 30 Tex. ADMIN. CODE § 290.41, or obtain an exception to the rule;
  - b. Within 45 days after the effective date of this Order, Kmali shall submit written certification of compliance with Ordering Provision 2.a as described in Ordering Provision 2.e.
  - c. Within 90 days after the effective date of this Order, Kmali shall:
    - i. Either locate the well site so that the well is not located within 150 feet of an underground petroleum storage tank, in accordance with 30 Tex. ADMIN. CODE § 290.41 or obtain an exception to the rule; and
    - ii. Ensure that the water delivered to the distribution system meets the Commission's minimum standards for pH, as required by 30 Tex. ADMIN. CODE § 290.118. This requirement shall be accomplished by initiating one of the following technical requirements:
      - a. Install facilities to treat the existing water being supplied;
      - b. Blend the current water with water of an acceptable source; or
      - c. Abandon the current source of water and rely entirely on an alternate acceptable source of water.
  - d. Within 105 days after the effective date of this Order, Kmali shall submit written certification of compliance with Ordering Provision 2.c as described in Ordering Provision 2.e.

e. The certifications required by Ordering Provision 2.b and 2.d shall include detailed supporting documentation including receipts and/or other records to demonstrate compliance, be notarized by a State of Texas Notary Public and include the following certification language:

"I certify under penalty of law that I have personally examined and am familiar with the information submitted and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

The certification shall be submitted to:

Order Compliance Team
Enforcement Division, MC 149A
Texas Commission on Environmental Quality
P.O. Box 13087
Austin, Texas 78711-3087

and

Stephen Smith, Water Section Manager Texas Commission on Environmental Quality Houston Regional Office 5425 Polk Ave., Ste. H Houston, Texas 77023-1452

- 3. All relief not expressly granted in this Order is denied.
- 4. The provisions of this Order shall apply to and be binding upon Kmali. Kmali is ordered to give notice of this Order to personnel who maintain day-to-day control over the Facility operations referenced in this Order.
- 5. The Executive Director may grant an extension of any deadline in this Order or in any plan, report, or other document submitted pursuant to this Order, upon a written and substantiated showing of good cause. All requests for extensions by Kmali shall be made in writing to the Executive Director. Extensions are not effective until Kmali receives written approval from the Executive Director. The determination of what constitutes good cause rests solely with the Executive Director.

Kmali Enterprises, Inc. dba Friendly Mart DOCKET NO. 2006-1430-PWS-E Page 6

- 6. The Executive Director may refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings without notice to Kmali if the Executive Director determines that Kmali has not complied with one or more of the terms or conditions in this Order.
- 7. This Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Order, whichever is later.
- 8. The Chief Clerk shall provide a copy of this Order to each of the parties. By law, the effective date of this Order shall be the date the Order is final, as provided by 30 Tex. ADMIN. CODE § 70.106(d) and Tex. Gov't Code § 2001.144.

#### AFFIDAVIT OF TRACY CHANDLER

STATE OF TEXAS

COUNTY OF TRAVIS

"My name is Tracy Chandler. I am of sound mind, capable of making this affidavit, and the facts stated in this affidavit are within my personal knowledge and are true and correct.

On behalf of the Executive Director of the Texas Commission on Environmental Quality, I filed the "Executive Director's Preliminary Report and Petition Recommending that the Texas Commission on Environmental Quality Enter an Enforcement Order Assessing an Administrative Penalty Against and Requiring Certain Actions of Kmali Enterprises, Inc. dba Friendly Mart' (the "EDPRP") with the Office of the Chief Clerk on March 23, 2007.

I sent the EDPRP to Kmali at its last known address on March 23, 2007 via certified mail, return receipt requested, and via first class mail, postage prepaid. According to the return receipt "green card", Kmali received notice of the EDPRP on April 4, 2007, as evidenced by the signature on the card.

More than 20 days have elapsed since Kmali received notice of the EDPRP. Kmali failed to file an answer to the EDPRP, failed to request a hearing, and failed to schedule a settlement conference".

Tracy Chandler

Attorney

Texas Commission on Environmental Quality

Before me, the undersigned authority, on this day personally appeared Tracy Chandler, known to me to be the person whose name is subscribed to the foregoing instrument and acknowledged to me that she executed the same for the purposes and consideration herein expressed.

Given under my hand and seal of office this 18
